simply the best polished floor

Certi-Shine

the smart choice

Vexcon's Certi-Shine is the brand that all others are measured against. From developing the latest product innovations to educating and certifying the best contractors, Certi-Shine delivers the highest performing and best looking polished concrete floors.

When you specify or install a Certi-Shine floor, you choose from clear or unlimited colors, three levels of shine, with available stain protection and Fusion floor repair.

Choose clear or color

Choose the shine

Satin-Shine Silver

- Warm Shine
- Equivalent to 60° film gloss of 30 when viewed on an angle.

Medium-Shine Gold

- Medium Reflectance
- Equivalent to 60° film gloss of 60 when viewed on an angle.

High-Shine Platinum

- Maximum reflectance
- Equivalent to 60° film gloss of 80 when viewed on an angle.

Choose the system

Certi-Shine Clear

Enhance the natural beauty and performance of polished concrete.

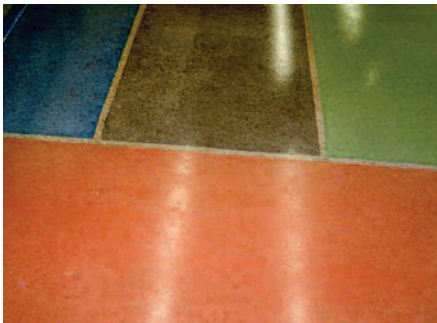

- Spray on to fully densify concrete
- No whitening, rinsing or scrubbing
- Zero VOCs

Certi-Shine Clear FSR

The next level of stain protection with the industry leading stain resistance technology.

- Remove un-reacted silicate
- Eliminate the threat of staining
- The only non-film-forming 24 hr stain protection

Certi-Shine MicroStain

Achieve color with a potassium silicate water based stain to strengthen and provide abrasion resistance.

- 20 standard or custom colors
- Backed by a 10 year warranty

Choose repair technology

Certi-Shine Fusion™*

Silicate polished concrete repair technology that won't interfere with the durability or shine. Use with Certi-Shine Clear, Clear FSR or MicroStain
